

A Pilgrimage to Baltimore! **For the Parishioners of St. Bridget's Catholic Church** **Wednesday – October 12, 2022**

Don't miss this exciting day tour to Baltimore, Maryland, aboard a comfortable, deluxe motor coach! Guided tours at two Catholic landmarks are included as well as lunch in the Inner Harbor area! First stop is the ***Basilica of the National Shrine of the Assumption of the Blessed Virgin Mary***, also called the ***Baltimore Basilica***. It was the first Roman Catholic cathedral built in the United States, and was among the first major religious buildings constructed in the nation after the adoption of the U.S. Constitution. As a co-cathedral, it is one of the seats of the Catholic Archdiocese in Baltimore, Maryland. Additionally it is a parish church and national shrine.

We will travel to the popular Inner Harbor area for a plated lunch at ***Phillips Seafood Restaurant***. Few family-owned food and restaurant companies have been around for 100 years and achieved the levels of success of Phillips Seafood. From their humble beginnings on the Chesapeake Bay, to the opening of their first restaurant in 1956, to their overseas expansion into sourcing high-quality crab meat, the Phillips family has become a powerful force on the global seafood market. Choices include their ***Jumbo Crab Cake, Fried Seafood Trio, Atlantic Salmon*** or ***Seared Chicken***. Lunch include cup of their Maryland Vegetable Crab Soup, dessert and non-alcoholic beverage.

The afternoon will be spent at the ***Cathedral of Mary Our Queen*** (pictured above). It is the cathedral church of the Primary See, the first archdiocese, in the United States. One of the outstanding religious structures in the United States, the Cathedral is a unique house of worship that attracts hundreds of visitors of all faiths every year. It was designed in the "Modern Gothic" style. While it shares many aspects of traditional Gothic architecture, such as its soaring interior, rich sculptural decoration and magnificent windows, this style is contemporary in its rectangular shapes, flat ceiling and mix of Art Deco elements.
